

DUAL DEGREE PROGRAM APPLICATION - UNDERGRADUATE

Directions

Use this form if you are a currently enrolled student and you:

- want to apply for admission to an additional undergraduate degree program in another college or the same college; and
- wish to be enrolled in both degree programs at the same time.

For example, use this form if you are currently completing a B.A. degree in the College of Liberal Arts, and you want to complete a B.S. degree in the Swenson College of Science and Engineering at the same time. If you are accepted into the additional degree program, you will need to complete all of the requirements for both degrees.

Do NOT use this form if:

- you want to change your major or add a second major of the same degree type
- you have completed an undergraduate degree and you wish to return to complete an additional undergraduate degree.

In these cases, contact your college (or the college you wish to return to) for forms and procedures.
